Evaluating AI Vendors for Your Law Firm

Use this checklist to vet your AI software vendors and ensure they meet your security and compliance standards.

☐ **Where is my data going as part of your partnership with the AI model?**

  ☐ Will you retain my data?
  ☐ Will my data be used for training?

☐ **Where is my data being stored?**

  ☐ How is my data encrypted?
  ☐ Is it encrypted in transit & at rest?
  ☐ Is there data segregation?

☐ **What security safeguards are you taking to assess risk?**

  ☐ What are your access control policies?
  ☐ What is your security audit frequency?
  ☐ When was your last third-party penetration test?

☐ **How is my data being used by your software application?**

  ☐ Is my client data isolated?
  ☐ Is my client data secure?

☐ **What are my data retention and deletion rights?**

  ☐ Are you GDPR compliant?
  ☐ Are you CCPA compliant?

☐ **What are you doing to stay on the forefront of AI?**
